2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

SAN MIGUEL

ELEMENTARY SCHOOL

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

San Miguel Elementary School is located in the eastern part of San Diego County in the pleasant and inclusive community of Lemon Grove. We proudly serve 447 children in grades K through 6 along with one preschool classroom as part of the Lemon Grove School District Early Childhood Education Program. San Miguel has a rich multicultural student perspective with approximately 30% English Learners and a diverse student population which is an essential component for global readiness. San Miguel is enthusiastically a Leader in Me school, exemplifying Stephen Covey's 8 Habits of Happy Kids to foster leadership and joy in each child.

San Miguel's vision is to empower leaders who are guided by their emotional, cultural and academic genius. Our staff is committed to providing a rich experience with a curriculum aligned with Common Core State Standards while supporting culturally responsive instructional practices to ensure the success and positive impact of all students.

San Miguel Elementary School challenges all students and staff to be high-performing, life-long learners and responsible citizens who are empowered to use their voice. Through our ongoing family involvement and partnership, we aim to continue supporting the district mission and the Lemon Grove community. We are dedicated to shaping the next generation through our passion for equity, innovation, and leadership.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The District provides services through its Maintenance, Operations and Services (MOS) department. Lemon Grove School District (LGSD) continues to pride itself on maintaining quality facilities to provide a safe learning and working environment for its students and staff. School custodial and district maintenance staff conduct frequent inspections to ensure that all sites are clean, safe, well maintained and in good repair. The Maintenance Department has established preventative maintenance programs, such as bi-weekly site inspections, equipment inspections and timely completion of work orders to ensure all schools are managed at an efficient operating level. All classrooms, playground areas and working spaces for students and staff satisfy building capacity requirements of the Education Code.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	22	N/A	33	N/A	47
Mathematics (grades 3-8 and 11)	N/A	13	N/A	21	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

San Miguel is committed to collaborating with families and building a strong partnership to ensure that all students reach their full potential. There are a variety of opportunities for family engagement at San Miguel Elementary. These opportunities include the School Site Council, English Learner Advisory Committee, District English Learner Advisory Committee, District Advisory Committee sessions, leadership assemblies, Parent Conferences, PTA meetings, and Afternoon Tea @ SME. Through these various committees and collaboration activities, families are allowed an opportunity to provide input about the school's initiatives, climate, and Title I programs.

San Miguel recognizes that working families need to be connected with school activities and events. We maintain communication with families via Class Dojo which allows us to communicate with parents, classrooms, and the whole school. Ongoing communication includes weekly newsletters from the Principal, along with phone calls and text reminders from Infinite Campus. Additionally, information communicated with families is posted on the school marquee and website through a variety of different languages to meet the needs of our culturally diverse population. San Miguel's online presence extends to our YouTube channel the "Stallion Station", Facebook, and Instagram. Families are encouraged to take advantage of the many opportunities that the school and community provide.

C. Engagement

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Suspensions	1.32	2.03	2.45
Expulsions	0.00	0.00	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

San Miguel recognizes that a positive school climate is essential for learning and we are committed to providing this environment for all students. Our school utilizes Positive Behavior Interventions and Supports (PBIS) along with Restorative Practices to maintain a safe and orderly campus. We understand that behavior is a function of student need and that trauma impacts learning. Therefore our site Social Workers support the ongoing professional development and implementation of Trauma-Informed Practices with our whole staff. At San Miguel, we empower our students to “find their voice” and work together.

Our 2022-2023 Comprehensive School Safety Plan was developed. The plan includes policies, emergency and disaster procedures, analysis of school safety data, action plans to address safety, and school-to-home communication related to school safety. We conduct fire and/or disaster drills on a monthly basis. Our Comprehensive Safe Schools Plan is revised annually beginning in January with input by school staff, the English Learner Advisory Committee, and School Site Council before it is approved by the Lemon Grove School District Governing Board.

San Miguel’s Comprehensive Safe School Binder outlines various systems, programs, and practices in place to ensure a safe school environment. The Comprehensive School Safety Plan is available for review in the school office as well as at the Lemon Grove School District Office. Components of the Comprehensive School Safety Plan are reviewed by staff on an ongoing basis. Our 2022-23 Safety Plan will be completed and submitted to the Governing Board in February. Every effort is made at San Miguel to ensure that we have a safe school environment.

2021-22 Types of Services Funded

At San Miguel, we are committed to the social and emotional well-being of all students and we take resounding pride in being a Leader In Me Lighthouse school. Leader In Me grounds our program in healthy habits that promote engaged and dynamic citizens throughout every school year. Our students are active members of the learning environment who take responsibility for their community through programs such as Stallion Station, Safety Patrol, Peer Tutors, and Student Lighthouse. We believe that our job is to educate the whole child and we put equal emphasis on both academic and social emotional learning opportunities.

The primary funding for school programs derives from the state's Local Control Funding Formula, Title I, and the district's general fund. As a Title I site, in 2021-22, we provided focused and individual intervention to students through classroom paraprofessionals, bilingual instructional assistants, School-wide Response to Intervention, and Positive Behavior Intervention Systems that support student success. We have a full-time speech-pathologist, full-time social worker, full-time intervention teacher, and instructional coach to meet the academic, behavioral, and social-emotional needs of our students. With 31% of San Miguel students designated as multilingual learners, our staff is trained in strategies to promote student's acquisition of the English language.

Professional Development

Research supports the positive effects professional development has on increasing student learning. San Miguel teaching staff is afforded the opportunity to participate in district and site-sponsored professional development opportunities. These workshops support a wide variety of professional development. These include the use of effective instructional strategies and approaches, implementing the use of computer technology in teaching and learning, digital citizenship, social-emotional learning, Leader in Me, i-Ready, effective use of assessments, English Language Development, and Culturally and Historically Responsive Teaching. Teachers and administrators are actively involved in professional development activities at the school, district, state, and national levels.

In 2017 San Miguel became a Leader in Me school with the assistance of a Panda Cares Grant. These funds paid for Professional Development on Stephen Covey's 7 Habits of Effective People to build a school-wide leadership culture through focused academic and shared decision-making structures. In 2022, San Miguel was awarded the accolade of becoming a Leader in Me Lighthouse school. San Miguel continues to receive ongoing coaching, professional development, and site evaluation through the Leader In Me consultants. At San Miguel, we believe that in order to reimagine education we need to be lifelong learners who are agents of change. Through our own personal development, we position ourselves to positively impact the lives of our students and their families and create active citizens who are leaders in the community.

The district and site professional development is provided through summer professional development and EdLearn Wednesdays. Edlearn Wednesdays are minimum days where teachers are released early to learn together on-site and also districtwide. In addition, each grade level team at San Miguel meets every three weeks to collaborate. The teachers are released through our district AMPS (art, music, PE, science) program so that the children receive specialized enrichment while the grade level teachers meet to review data and plan instruction.
