

# Parent and Family Engagement Policy Input/Feedback

In support of the LGSD Strategic Plan Priority Three to create safe, inclusive schools that foster a sense of belonging and connectedness for all, we would love your input and feedback to help us write the 2023–24 Parent and Family Engagement Policy.

We will bring back the final draft in March for approval.

# Parent and Family Engagement Policy

Each school has a Parent Resource Center, Parent Volunteer Coordinator, and Parent Engagement Lead to support Parent Engagement.

# Parent and Family Engagement Policy

Each school has a Parent Resource Center, Parent Volunteer Coordinator, and Parent Engagement Lead to support Parent Engagement.

- **Parent Resource Center:**
  - Have you used the resources at the Parent Center?
  - Have you attended any meetings at the parent center?
  - Are there topics for workshops/trainings that you would like your school to provide next year?
  - What times work best for your family for in-person workshops/trainings?
  - What times work best for your family for virtual/Zoom workshops/trainings?

# Parent and Family Engagement Policy

Each school has a Parent Resource Center, Parent Volunteer Coordinator, and Parent Engagement Lead to support Parent Engagement.

- Parent Volunteer Coordinator (support for parents/families):
  - Have you had a chance to meet or talk with the PVC at your school?
  - Do you know how to contact the Parent Volunteer Coordinator at your school?
  - In what ways do you think parents/families should be able to volunteer at our schools?

What do you think is the best way to let families know about our Parent Centers and Parent Volunteer Coordinators?

# Parent and Family Engagement Policy

Each school has a Parent Resource Center, Parent Volunteer Coordinator, and Parent Engagement Lead to support Parent Engagement.

- Parent Engagement Lead (support for teachers):
  - Does your child's teacher share resources/events on Class Dojo with you?
  - Do you know how to contact your child's teacher?
  - Do you think families would benefit from receiving more info or a workshop on strategies to effectively communicate with their teacher?

# Barriers for Parent & Family Engagement and Involvement

Engagement and Involvement can take the form of being part of parent committees, attending school events, volunteering, helping kids with homework at home, talking to kids about school and its importance at home, checking in with teachers about the child's progress, etc.

What are some barriers and/or challenges that you think parents/guardians face that prevents them from being more involved/engaged in their children's education/school?

Barriers for  
Parent &  
Family  
Engagement  
and  
Involvement

What do you think the  
district and schools could do  
to encourage  
parents/families to be more  
involved/engaged?

# Parent & Family Engagement and Involvement

Parent engagement activities include parent committees, Back to School Night, Open House, school festivals, workshops/trainings, Coffee with the Principal, Parent Conferences, etc.

Next, we will ask you about the glows and grows of family engagement.

Glow: what is going well

Grow: where could we improve?

# Final Thoughts

## Glows

- **Communication on Class Dojo on events**

## Grows

- **Notifying parents on availability and options for volunteering on campus**
